CPEC - The Land of Opportunities

Special Economic Zone

All the business segments evaluating opportunities regarding profitable business opportunities at low cost of production would be delighted to know that Government of Pakistan has established 46 special economic zones to facilitate local as well as foreign businesses. In the aforementioned economic zones investors will enjoy no custom duty on first time machinery & equipment import, 10-year tax holiday, uninterrupted electricity & gas supply and state of the art vocational training institutes for the availability of skilled Human Resources.

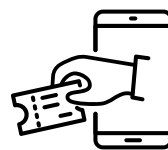

Future Benefits with respect to CPEC

CPEC will bring a positive ripple effect to all of our industries, promoting them in Technology, Process's, capacity, volume, customer, outreach, skill set etc. Today, in Pakistan, there are substantial opportunities in undervalued assets and companies and an active privatization initiative is required. In addition, large infrastructure-related investment projects require attention especially under the China-Pakistan Economic Corridor. Moreover, growth in local consumption and untapped export potential also ask for investors' attention. With a massive diaspora of highly qualified Pakistani executives and a large reserve of domestic talent, capital investing in Pakistan can enter a sustained and rewarding phase.
